EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the claims:

In claim 14, line 4, “,” has been replaced by “;” after “silicon”;
line 7, “,” has been replaced by “;”, after “region”, before “and”;
In claim 20, line 3, “,” has been replaced by “;” after “substrate”;
line 5, “,” has been replaced by “;”, after “regions”;
line 9, “,” has been replaced by “;” after “region”;
line 12, “,” has been replaced by “;”, after “region”;
line 16, “,” has been replaced by “;” after “region”, before “and”.

In the Specification:

The title has been changed to “METHOD OF MANUFACTURING A SEMICONDUCTOR DEVICE HAVING A SILICIDE FILM”;

On page 1, line 2, “allowed” has been deleted, after “filed on September 12, 2002, now”;

line 2, --US Patent No. 6,677,660—has been inserted after “filed on September 12, 2002, now”.

REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The prior art of record fails to teach or to suggest, either alone or in combination, the steps of the claimed invention, including "forming P-type and N-type diffusion layers in the semiconductor region with a boundary region between the above diffusion layers being set in the germanium high-concentration region; and forming a silicide film which extends from the N-type diffusion layer over to the boundary region and the P-type diffusion layer". Although the prior art of record teaches forming germanium high and low concentration regions and P-type and N-type concentration regions (i.e., See US 6,524,902). The prior art of record fails to teach the above-mentioned limitations.

Additionally, for clarification of the record, the restriction requirement, mailed 5/12/04 **has been withdrawn**. As noted correctly by Applicant, a preliminary amendment, filed 11/19/03, canceled originally presented claims 1-13.

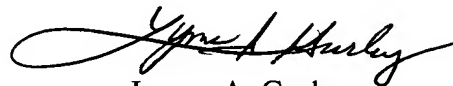

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Lynne A. Gurley whose telephone number is 571-272-1670. The examiner can normally be reached on M-F 7:30-4:00.
